Working from home

The team at **Fracht USA** has been diligently working from home since mid-March, due to the ongoing pandemic. From children to 4-legged friends, we've had some fantastic new team members join the Fracht family! Overcoming the challenges of WFH life hasn't been easy – but our team has done an amazing job at handling this new landscape, allowing operations to continue to run smoothly! We have a strong, united team here at **Fracht USA** and we are proud of the hard work that our entire team has put forth.

Giving Back

Border Angels

Recently, Jessica Solis represented **Fracht USA** in a donation to Border Angels, a non-profit organization based in San Diego, California that supports children's refugee migrant shelters along the border of California and Mexico by providing food, medications & hygienic supply. Currently, there are over 20,000 children trapped in Tijuana refugee shelters, waiting until their asylum case can be heard. These children have travelled hundreds of miles from Central America, Southern Mexico, Haiti & Cameroon to find refuge in the US. "As an immigrant myself, it means a lot to be able to contribute to my favorite organization through my work and volunteering," Solis said. "Thank you Fracht!"

SHELTER AID

IN THE TIME OF COVID-19

Helping Seafarers in Houston

Due to COVID-19, seafarers across the globe have been unable to disembark at ports around the world. Many seafarers haven't been on dry land in months, some even over a year. Due to this, they are not able to purchase supplies, such as prepaid phone cards, hygiene products, books or board games.

Fracht USA's CEO, Reiner Wiederkehr, knew that something had to be done. In partnership with Schroder Marine Services & Cooper/Port America in Houston, TX, Fracht have raised over \$50,000 to purchase goods for many ships coming into the Port of Houston!

Comp-U-Dopt

Earlier this year, **Fracht USA's** Key Accounts division in Houston donated 105 Units (computers) on behalf of **Fracht USA** to Comp-U-Dot, a non-profit organization that helps to serve under-advantaged youth in the Houston Area. Comp-U-Dots works tirelessly to bridge social gaps in our communities! After seeing the amazing efforts of Comp-U-Dot, **Fracht USA's** own April Casey joined the team in an associate board position. "I'm honored to take part," Casey said.
